Full-Time Photographer/Videographer and Program Developer

Are you creative in visual communication across multiple platforms? Are you passionate about helping organizations cultivate their messages to share with the world? Do you love collaborating with others to shape visual storytelling that will get an audience excited?

Foundry10 is looking for a talented and self-motivated photographer and videographer to record and assemble footage into media that matches the vision and philosophy of foundry10. In addition, you will be tasked with helping develop our film and photography programs that connect students with skills they are passionate about. We offer a competitive compensation package at 40 hours per week. This position is in Seattle, WA.

Foundry10 is a privately funded organization focused on researching student learning, specifically through non-traditional learning methods. Part of our vision is to show and express what learning can look like outside the traditional classroom setting. Community engagement through multimedia is an integral part of this process and it's important for our media to showcase how we are changing how learning is perceived.

Responsibilities

- Produce, shoot, and edit various videos ranging from promos to short docs/films with collaborators
- Produce original foundry10 content
- Photograph and film events
- Design innovative ways to help grow the visual arts/film program
- Create dialogue with other teachers, collaborators, and professionals
- Establish networks and collaborative relationships with film communities and experts
- Mentor film/photography students in a number of capacities

Qualifications

- Adept background in photography/filmmaking, video editing, and media coordination
- Expertise in AV equipment operation and understanding of camera/audio functions
- Proficiency in digital technology and editing software packages (e.g. Adobe Premiere, After Effects, Photoshop, Adobe Audition)
- Exceptional collaborative and communication skills
- Strong leadership and self-starting skills
- Experience working with students a plus

If you would like to be a part of a growing, innovative company, submit your cover letter, portfolio, and resume to jobs@foundry10.org.
